Move Made Easy - With IFL Relocations!

At IFL Relocations we understand the clients priorities to move their precious belongings connected with emotional values.

We are committed to help you move your home, be it an apartment or a villa. IFL Relocations provide hassle free moves with detailed personal attention and care ensuring a great customer experience. Globally, we are supported by a network of reliable partners facilitating customized solutions for any type of move- from any origin to any destination – including pre pack surveys, packing , transportation, delivery and unpacking with Customs Clearance at both ends. For the moves within the UAE, we have well trained movers and packers who ensure quality services delivered to our clients. We use the right packing material for each item based on the specific need. We do careful dismantling, packing, loading, transportation, off loading unpacking and assembly of goods. Responsible Supervisors and Managers visit the packing site to provide special instructions and to get customer feedback.

We supply necessary cartons to clients prior to the scheduled packing date in case they wish to pack a few personal items themselves. We differ from others

with our value added services and justified price tags: Cartons used are double or triple-walled when needed. Furniture, Electronics and Musical Instruments are packed with extra protection. Personal belongings are expertly packed into cartons with particular care given to delicate articles. Additional protection is provided with wooden crates, acid-free tissue, bubble-wrap and polystyrene chips. For delicate and fragile items, markings are done for the packages properly.

Our streamlined process involves a FREE pre packing survey, precise planning, proper execution, constant updates and personalized attention. Other services are: office Moving and Industrial Packaging and Storage solutions

Your satisfaction is always our top priority!
